Journal of Construction Engineering, Management & Innovation

Volume 9, Issue 3, September 30, 2026

CONTENTS

Research Article

Claims prevention and control in large-scale construction projects: A case study

Saeed Raeisi and Morteza Bagherpour

Article 614

Research Article

Evaluating students as surrogates in virtual reality-based construction safety training: A comparative performance analysis

Elif Gürbüz Taştekin, Umutcan Kılıç and Semra Çomu

Article 683

Research Article

Evaluating construction strategies for EV charging infrastructure to support electric vehicle adoption

Muhammed Yusuf Kahveci and Ali Sercan Kesten

Article 724

Research Article

Factors influencing the adoption of mass timber in the South African construction industry: A UTAUT-based approach

Ferdinand Senam Hassan and Schalk Grobbelaar

Article 728

Research Article

Impact of VR-based climate change education on awareness and water use behavior

İlker Baki Alkan and Hasan Basri Başağa

Article 745
